6. E-mail:

Include the MESOAQUA web page link in your signature
has been added by everyone?

7. Networking

Find more information about the usefulness of:

Blog?, Facebook?, Skype? Forum? Google Group? (Tanya) ✓

Tanya: google-group created (03.03.2010) invitations can start going out in the next days, this can be used as a forum, to be honest I think that facebook is a more fun platform and not really suitable for networking, if you think it's important it'll take about 5 minutes to create it of course.

8. ppt presentation slide of MESOAQUA (generic)

Stella sent logo, flyer and poster to Tanya... ✓

> Tanya will create a ppt slide for conference presence

> generic MESOAQUA ppt slide will then be available at the web page or per e-mail and/or on the partner site

in progress... Tanya will send it out (8 MARCH 2010).

9. Report about workshops/meetings/experiments

All information sent to Stella (in an adequate form, text + original pictures)

WS Umeå: WS 1 10-2009 (Elin)-collect notes, get permissions of, ppt-presentations to put on the web and info from group discussions- send to Stella

Planned WS 2 Montpellier 11-2010 (Romain)

Meetings: Bergen: Kick-off meeting 03-2009 (Stella)

Kiel: Joint Research + ECS Meeting 02-2010 (program, minutes)-
(Romain, Stella)(✓)

Experiments: Bergen Mesocosm Experiment 09 2009 (Stella/Jens)

Crete Mesocosm Experiment 09 2009 (Tanya/Vivi)

info should be collected, also get permissions for publishing files or talks on the web (or level of permission: fully open, internal, none) and sent to Stella asap!
DEADLINE 31 MARCH 2010

10. Publication lists

1. Publication list on all mesocosm studies

2. Publication List for each facility

- > Tanya collects info about zotero account for MESOAQUA users
- > Tanya sent some literature 2000-2006 as endnote file to Stella Berger
- > Stella Jens Tanya extend list to publications in other magazines, authors, end note using end note (where Tanya does not have access)
- > Jens ask whether we should attach publications as pdf files??? (confirmation from authors, magazines)

list on the web site?

links to end note (without pdfs?)

Stella (Jens) include size of mesocosms in the key word list (volume)

ALL partners should contribute to extend the publication list!

Tanya will send request out (5.3.10) and expect your contribution by **31 March 2010**. There will also be some minimum requirements for the citation, the instructions about Zotero will come around the same time

11. Logo Should be available on the web page for "partner" (Stella) ✓

12. Info about conferences, upcoming events, meetings, WS more or less related to MESOAQUA

- > Tanya sent HAB + IMBER info to Stella ✓
- > Stella MEECE related information from Ivo! ✓

> **ALL partners should send information and news to update the web page!**
FIRST DEADLINE: 8 MARCH 2010!

13. MESOAQUA-Workshop within an international Meeting?

Special session?...later ASLO 2011?

14. Presenting MESOAQUA at national/international meetings

Romain: Poster mentioning Meso aqua during our lagoon Conference last December. "réseau de facilités en MESocosomes pour l'avancement des études sur les futurs écosystèmes AQUatiques de l'Arctique et la Méditerranée » (french version of Meso aqua meaning). Romain will get the poster and send it for meso aqua internal use on the web site

Jens and Stella at NFR in Oslo, Norway. Poster. To put on the internal web page (Stella)

Jens and Stella (with one ppt file) at ASLO Santa Fe, USA, June 2010

15. MESOAQUA money for travels to congresses?

Jens & Aud's comment: Not sure what this means, B/C all partners can find money in their own networking package (or elsewhere) to do this, if they want to prioritize this. But it is every partners own responsibility to learn their own Budget and use it, B/C every partner will be responsible for their own budget when we report.

16. Contact

Stella informs all partners to update with new pictures

17. Links for the web page

Euro Sites, EMS input, Ar5 input, ERA-NET, MARIFISH, EMBS, SAME, ESA, ISME

Find more? Please tell! FIRST DEADLINE 31 MARCH 2010...ongoing

18. Pictures/photos from the meeting in Kiel

Please send the "good" pictures (Skype?)

May-be we could also create and share a web photo gallery?

A gallery sounds nice so all of us can download pictures we like.

Tanya has sent a couple, is looking at the possibility of setting up an FTP server for picture downloads, otherwise use photobucket or similar?

Romain can set up a picasa account linked to our google group so everybody can upload pictures.

Discussion on 11th February:

19. LAMP experiment and visit to Montpellier

Several of the ECS are interested in visiting/participating in the coming LAMP test (3-21 May2010). Romain will send out a detailed setup.

20. Experience with MESOAQUA so far and future collaborations

Confusion over time sheets and possibility for travel and participation funds.-

Ask

work package leader or Aud Larsen.

Although the idea of future joint applications is in favor with the ECS, plan/ideas and structure remains to be discussed.

21. Workshop in Montpellier

Date: 9-10 Nov 2010

All send ideas on new topics, themes and suggest names for the invited speakers to Romain and Behzad.

-Experimental design and statistics are always needed.

-Topics: MEDIMEER facility, technology/sensors, seasonality, sedimentation, mortality....

-technical approach might be interesting for PhD students

22. Other Mesocosm Facilities (more detailed information should be gathered, people contacted, list to be continued):

- Hong Kong (Who is it who knew about it and can gather the info?)
- Korea (Kitak Lee, info can be gathered by Jens)
