

Program of Early Career Scientists (ECS) Meeting in Kiel from 10-12 February 2010

First draft by Romain Jan 2010 , updated by Stella 22.02.10

This meeting will take place in Kiel, from the 10th to the 12th of February. The aim is to visit Kosmos and Kiel indoor mesocosms facilities as well as to promote collaborations and discussions between the young career scientists involved in the MesoAqua project.

Schedule

Wednesday 10 th Feb

15:00 Arrival in Kiel, meeting point will be Kiel IFM. Jamileh has offered to pick us up from bus station according to timing of arrival.

16:00 First meeting of young career scientists (a meeting room has been booked at IFM)

At this point, we need to discuss the different things we want to talk about. These are Tanya's and my suggestions, feel free to add up things you want to talk about, we'll split them over the 2 meetings we'll have in Kiel:

- publicity (including Stella's idea about the video) and the MESOAQUA network - especially broadening it
- 2010 experiments taking place and what our involvement in them is/ could be
- LAMP experiment and visit to Montpellier
- experience with MESOAQUA so far, possible problems and other opportunities for cooperation
- Workshop in Montpellier end of 2010. Early career scientist involvement, invitation of PhD students
- Mesocosms and us after MesoAqua
- ... Anything you'd like to talk about...

19:00 Hotel Check in, resting time

20:00 Diner. Informal meeting at the restaurant

Thursday 11th Feb

Meeting at 8:30 and departure to east shore (20 minutes trip from city centre)

9:00 Talks from Aleksandra Lewandowska and Ulf Riebesell about their facilities.
VIDEO.
